### AGENDA

Wednesday, April 6, 2022

Upon adjournment of Communications and Conveyance Committee  
State Capitol, Room 437

### REGULAR ORDER OF BUSINESS - BILLS HEARD IN FILE ORDER

- |      |                    |                   |                                                                                                                                                  |
|------|--------------------|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| * 1. | AB 1676            | Grayson           | Pipeline safety: carbon dioxide.                                                                                                                 |
| 2.   | AB 2667            | Friedman          | Integrated Distributed Energy Resources Fund.                                                                                                    |
| * 3. | AB 2838            | O'Donnell         | Electrical corporations: green tariff shared renewables program.                                                                                 |
|      | <del>AB 2874</del> | <del>Cooley</del> | <del>Wildfire prevention: electrical utility facilities and maintenance: liability of contractors.</del>                                         |
| 4.   | AB 2143            | Carrillo          | Net energy metering.                                                                                                                             |
| * 5. | AB 2578            | Cunningham        | State Energy Resources Conservation and Development Commission: integrated energy policy report: carbon capture, utilization, and sequestration. |
| 6.   | AB 2061            | Ting              | Transportation electrification: electric vehicle charging infrastructure.                                                                        |
| 7.   | AB 2587            | Eduardo Garcia    | Energy: firm renewable energy resources and firm zero-carbon resources: procurement.                                                             |
| 8.   | AB 2696            | Eduardo Garcia    | Electricity: renewable energy and zero-carbon resources: state policy: transmission planning.                                                    |

---

\* Consent

We encourage the public to provide written testimony before the hearing by visiting the committee website at <https://autl.assembly.ca.gov/>. Please note that any written testimony submitted to the committee is considered public comment and may be read into the record or reprinted. All are encouraged to watch the hearing from its live stream on the Assembly's website at <https://www.assembly.ca.gov/todaysevents>.

The hearing room will be open for attendance of this hearing. Any member of the public attending a hearing is encouraged to wear a mask at all times while in the building. The public may also participate in this hearing by telephone. We encourage the public to monitor the committee's website for updates.
